More than 22,000 Clients Experience the TaxTips Difference Annually

Formed in 1991, we've come a long way since then and now service more than 22,000 clients annually via many branch locations across the Sydney metropolitan area and a regional Wollongong office. TaxTips is proud to have pioneered the same day tax refunds service and has expanded its accounting and tax advice services which you can rely on when completing your tax return. We look forward to welcoming you back this year as one of our many valued clients.

A Faster, Easier and Safer way to lodge your tax return

To reduce your waiting time at reception, TaxTips has developed an online appointment booking form for us to begin the process of preparing and lodging your annual tax return. The form speeds up the process of booking an appointment and it is a safer system for organizing your appointment and processing your tax return. When booking your appointment using the online form, please make sure to select your preferred TaxTips branch. You can go direct to the form at https://taxtips.com.au/contact-us/ or use the above QR Code.

TaxTips E-Trots service

For your safety and convenience, TaxTips offers a fast and secure electronic funds transfer system – E-Trots or PayID if you prefer. At your request, TaxTips can pay your tax refund directly into your bank account, which you can draw on the same day instead of waiting up to 14 days. It means you can now get your E-tax refund on the spot as cash into your nominated bank, the same day you lodge your tax return with TaxTips. All you do is provide us with your bank details at your next appointment. If we already have your bank details, let us know if anything has changed. Now you can avoid those long bank queues and be a whole lot safer.

Our trusted services

Our accounting services have grown over the years by adding new branches and expanding our services to satisfy the increased complexity of our clients' requirements. Our experienced team of qualified Tax Accountants have many years of experience to meet your needs from standard individual tax returns which we can prepare from early July to more complicated returns which will require scheduling post August and onwards for:

• sole traders;	• private companies;	• family trusts; and
• rental property owners;	• partnerships;	• superannuation funds.

We continue to offer benefits that, together, make our business one of the best of its kind.
- Timely, accurate and reliable tax returns - using a unique and exclusive internal control system.
- Up-to-date technology – such as the online form to automatically book an appointment.
- Extensive experience – our tax accountants draw from over 30 years' experience.
- Up to date experience – cryptocurrency accounting and tax reporting.
- Simple, hassle-free payment – we can deduct our fee from your tax refund.
